

RCSU (NW) CAF Engagement TECH TALKS Monday, 17 April 2023

Featuring Materials Technician (MAT)

“Tech Talks”

A weekly interactive online presentation featuring CAF members at their workplace, often technicians, introducing cadets to their occupation, and demonstrating tools of the trade or common equipment.

MAT Techs are skilled maintainers who operate a fabrication shop (mill/lathe, welding, CNC), textiles shop, paint booth. We are lucky to have Cpl Underwood back for a repeat episode, as his was one of the most popular episodes this season! Before being a MAT Tech, he spent 10 years in the Infantry. Find out what occupational transfers are, and how they can benefit CAF members looking for an alternate CAF trade!

[Click here to join the meeting](#)

Meeting ID: 283 080 945 874

Passcode: BrReuD

Timings: The episode link is active at 1930 (Central Time, 1830 Mountain Time) for 2000 (Central) start. Runtime is usually 40 minutes to fit into corps/sqn training night.

So What? This is your chance to see CAF members in their workplace, explore occupations generally not shown in popular media, ask questions, and get direct feedback! A different guest presenter each week!
