

RCSU (NW) CAF Engagement TECH TALKS February 2023 Episode calendar

A weekly interactive online presentation featuring CAF members at their workplace, often technicians, introducing cadets to their trade, and demonstrating tools of the trade and some of their equipment.

Episode Date / Time	Featured Topic	Outline
Thursday, 09 Feb 2023 2000 (CST)	Search and Rescue Technician	SAR Techs are land and sea survival experts who specialize in rescue techniques, including Arctic rescue, parachuting, diving, mountain climbing and helicopter rescue. Click here to join the meeting
Monday, 13 Feb 2023 2000 (CST)	Dental Officer	Dental Officers are Military Dentists. CAF members need dental care too! Dental officers can also deploy overseas to deal with dental emergencies to our deployed CAF members there. Click here to join the meeting
Tuesday, 22 Feb 2023 2000 (CST)	Musician	Musicians provide musical support for all aspects of military life, including ceremonial parades, military graduations, and ship ceremonies. Click here to join the meeting
Wednesday, 01 Mar 2023 2000 (CST)	Signals Operator	Signallers are a vital component of the military communications branch, and work with specialized equipment to provide secure comms in the battlespace. Click here to join the meeting

Participation: Open to Cadets and their staff, whether on a parade night or not. (your staff can provide additional commentary at your Corps/Sqn)

Timings: The episode link is active at 1930 (Central Time, 1830 Mountain Time) for 2000 (CST) start. Runtime is usually 35 minutes to sync with corps/sqn training plans.

So What? This is your chance to see CAF members in their workplace, explore occupations generally not shown in popular media, ask questions, and get direct feedback! The CAF really is a big team, each member is vital to overall mission success. Interact in real-time with CAF members at their workplace, and have a look at some of their gear and equipment!
